

IANTD Open Water Side Mount Diver Course Information

The IANTD Open Water Side Mount Diver course is designed to familiarise the diver with Side Mount configurations and diving.

Qualification

Upon certification, you will be certified as an Open Water Side Mount Diver. This qualification has no limits associated with it, but simply qualifies you to dive to your current highest open circuit qualification, but in Side Mount. You may also attend future open circuit courses in Side Mount configuration.

Prerequisites

You should be qualified as an Advanced Open Water diver, or equivalent and have completed at least 25 logged dives.

Equipment Requirements

Ideally, you will already possess a suitable Side Mount harness & wing suitable for open water diving, along with 2 cylinders (minimum 7 litres) and regulators.

Course Structure

The IANTD Open Water Side Mount Diver course runs over 2 days.

Emphasis is spent on in water skills and experience. Working around the required 5 dives, you will also complete a number of workshops and dry skills sessions.

Courses can be structured to run consecutively over 2 days, or split over two sessions.

Costs

The IANTD Open Water Side Mount Diver course is £220.00 per person. This price includes the training and materials outlined above. Certification costs are also included (providing certification criteria are met).

The following are not included in the course fee: Dive Site costs (inc. entry, accommodation, food, travel etc.) and Gas.

Evaluation / Assessment

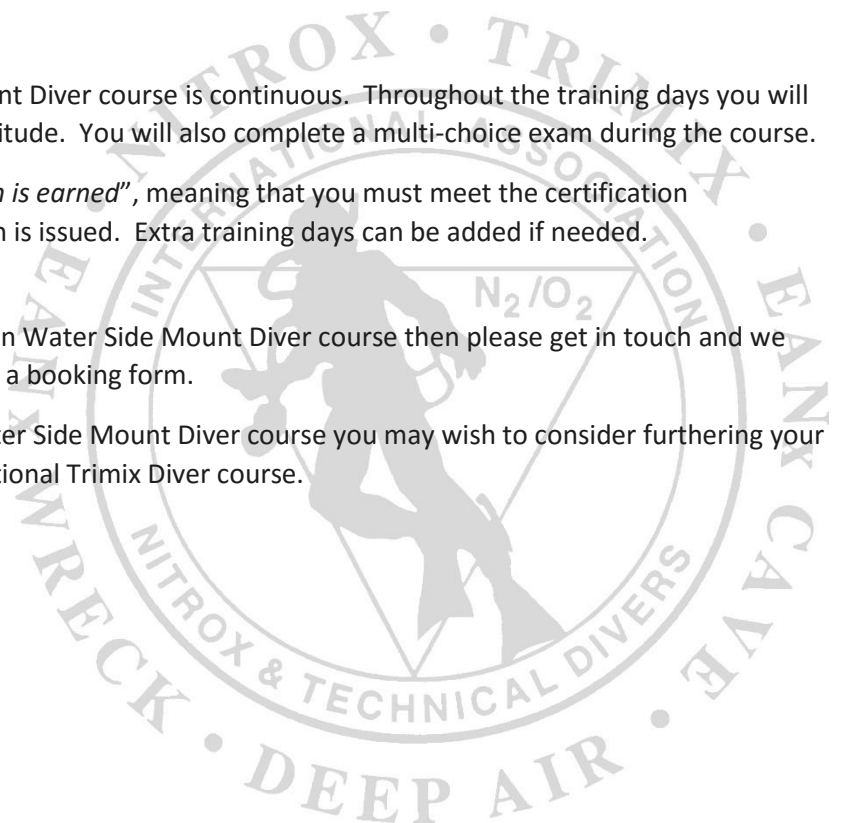

Evaluation on the IANTD Open Water Side Mount Diver course is continuous. Throughout the training days you will be assessed on your skills, performance and attitude. You will also complete a multi-choice exam during the course.

With IANTD "*Training is purchased, Certification is earned*", meaning that you must meet the certification requirements and standards before certification is issued. Extra training days can be added if needed.

What Should I Do Next?

If you are interested in attending an IANTD Open Water Side Mount Diver course then please get in touch and we will provide you with our next course dates and a booking form.

Once you have completed the IANTD Open Water Side Mount Diver course you may wish to consider furthering your diving skills by completing an Advanced Recreational Trimix Diver course.

Important Information

All training prices are quoted for base timescales of training. If further training is required to meet the requirements of certification, this will incur additional costs and will be arranged on a specific basis. Unless stated, all prices include the appropriate IANTD Student Pack and Certification. They do not include any dive site expenses, gas, equipment hire, accommodation and / or travel.

All prices shown are list prices only. Actual price will be confirmed at time of booking. Discounts for group bookings are available. We reserve the right to alter or amend advertised prices at any time. This document is not an offer of sale or contract. E&OE.
